COUNTY BOUNDARY OF SAN FRANCISCO (CITY AND COUNTY)  
AS DEFINED AND ESTABLISHED BY LEGISLATION ENACTED  
MARCH 12, 1872

(POLITICAL CODE OF CALIFORNIA, 1872 - SECTION 3950)

Beginning at the southwest corner being northwest corner of San Mateo, in Pacific Ocean, on the extension of northern line of Township Three South, of Mount Diablo base; thence northerly along the Pacific Coast to its point of intersection with westerly extension of low water line on northern side of the entrance to San Francisco Bay, being southwest corner of Marin and northwest corner of San Francisco; thence easterly, through Point Bonita and Point Caballo, to the most southeastern point of Angel Island, all on the line of Marin, as established in Section 3957; thence northerly, along the easterly line of Marin, to the northwest point of Golden Rock (also known as Red Rock), being a common corner of Marin, Contra Costa and San Francisco; thence due southeast four and one-half miles, more or less, to a point distant three statute miles from the natural high water mark on the eastern shore of San Francisco Bay, being a common corner of Contra Costa, Alameda and San Francisco; thence southeasterly, in a direct line, to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay); and thence west along said first named line to the place of beginning. The islands known as the Farallones shall be attached to and be a part of said City and County.

Note. The identity of Golden Rock and Red Rock does not admit of a doubt. No other rock or island in San Francisco Bay will answer to the calls of the statutes. It is directly referred to in the boundaries of Marin (Stats. 1868, p.347) and indirectly confirmed by the wording in section ten, Act of April 25, 1851 (p.174) viz: "... to Golden Rock; thence up the middle of the Bay of San Pablo," etc. The party who drew up the original draft of the bill in 1851, was Commodore Selim Woodworth of San Francisco. See note to Sec. 3953, post.
